Subject: Concern over overdevelopment and water management with the Vigneto project in Benson, AZ

ACE : Please re-evaluate the Section 404 permit for Vigneto, and initiate consultation with the USFWS to quantify potential impacts of Vigneto to threatened and endangered species and ensure commitments to adequate conservation and mitigation measures.

I also ask for strong EPA oversight of the Section 404 permit and USFWS consultation on impacts to threatened and endangered species.

Thank you
